The unique size GELLI ARTS 18" x 24" Gel Printing Plate offers a massive surface area that opens up creative possibilities. Great for:

Large-Scale Abstract Prints: Layer oversized multiple colours and textures. Use stencils, textured fabrics or objects to build statement prints.

Collage & Layered Prints: The large size lets you work in sections or spread out one continuous design.

Fabric Printing: Print directly on fabric for custom textiles. Great for creating large, unique designs for clothing, quilts, wall hangings or fabric-based installations.

Creating Large Stencils: print large custom stencils on paper or plastic sheets. The large sized plate allows you to work with large stencil patterns, like florals, architectural shapes or abstract motifs.

Wall Art Installations: Print a series of connected or overlapping pieces that work together to form a mural or large artwork.

Transfer Art: Use objects such as leaves, flowers, fabric or textured surfaces and press them onto the plate to create a reverse print. Transfer the texture onto paper or fabric.

Large Mixed-Media Art: Combine your gel prints with mixed-media like charcoal, acrylic paint or collage. You can build upon your prints with stamps, markers or stitching for added layers.

Large-Scale Prints for Posters: Print bold and striking images on large sheets of paper to create posters. Great for advertising, event promotion or as part of a series.
