

# Material Safety Data Sheets

RELEASE:1.2

**Reviewed on** : 20.05.2000

**Issued Date** : 03.07.2009

## 1. The Information of Chemicals and Manufacturer

- Product Identification(Trade name) : Twist Crayons 12C

- Information of the Manufacturer

\* Company Name : JASCO PTY LTD

\* Address :118-122 Bowden St MEADOWBANK, NSW 2114

\* Telephone :(02) 9807 1555

\* Fax : (02) 9808 1338

## 2. Composition/Information on Ingredients

- Chemical characterization:

Colloidal silica dispersion	CAS NO. 7631-86-9
Aluminum Hydroxide	CAS NO. 21645-51-2
Anatase	CAS NO. 13463-67-7
Paraffin	CAS NO. 8002-74-2
Polypropylene	CAS NO. 9003-07-0
Water	CAS NO. 7732-18-5

## 3. Hazards Identification

- This Product received the attestation about a human body harmless test by the

South Korea Living Environment Examination Institute.

- Health Rating: 0 - None

- Flammability Rating: 0 - None

- Reactivity Rating: 0 - None

- Contact Rating: 0 - None

#### **4. First Aid Measures**

- This product is not harmful to human body, but be careful not to eat.
- Ingestion : If swallowed, wash your mouth and see your doctor as soon as possible.
- Skin Contact : Wash exposed area with soap and water. Wash your hands after drawing.

#### **5. Fire Fighting Measures**

- Fire : Not considered to be a fire hazard.
- Explosion : Not considered to be an explosion hazard.
- Fire Extinguishing Media : Use any means suitable for extinguishing surrounding fire.

Using General Fire-Extinguishing Agents, Water Fountain.

#### **6. Accidental Release Measures**

- Not available

#### **7. Handling and Storage**

- Keep it in a cool, dry, ventilated area.
- Since this product dries automatically, store it in a sealed container.

#### **8. Exposure Controls/Personal Protection**

- Not available

#### **9. Physical and Chemical Properties**

- Physical condition : Solid with Stick.
- Scent : NONE
- Boiling point : NONE

- Melting point : NONE
- Exploding point : NONE
- Steamy density : NONE

## 10. Stability and Reactivity

- Reactivity : This product may be sticky at higher than 60°C.
- The conditions : Don't keep it in high humidity or high temperature condition.
- Keep it in a cool place.

## 11. Toxicological Information

- Not available

## 12. Ecological Information

- Not available

## 13. Disposal Considerations

- Discard it according to the waste-related law.

## 14. Transport Information

- Not regulated.

## 15. Regulatory Information

- Not available

## 16. Other Information

- The information supplied has been based upon the current level of information available, for the purpose of specifying the requirements regarding environment, health and safety in conjunction with the product. They are not to be interpreted as a warranty for specific product characteristics. Handeul takes no responsibility for inappropriate use, processing and handling by purchasers and users of the product.
