

# EASTER PROJECT

## Easter Bunny Pom Pom

### Skill Level: Easy

Personalise each of your Bunny pom-poms using your favourite colour!

### What you need:

- Jasart Pom Poms
- Jasart Foam Sheets
- Jasart Joggle Eyes
- Jasart Markers
- Jasart Glue Gun
- Jasart Cutting Mat
- Scissors

*Adult supervision required. Sharp knives and scissors should be restricted to adult use.*

### What you do:

1. Select one large pom-pom in your choice of colour. This will be used as the bunny's body. Set aside.
2. Select a foam sheet which is similar to the colour of the pom-pom you chose. Use the ear template (below) to trace bunny ears onto the foam sheet. Use scissors to cut them out.
3. Carefully glue them to the top of the pom-pom. Allow to dry.
4. Use the heart shape template (below) to trace your bunny's feet onto the same foam sheet. Use scissors to cut them out.
5. Place the heart on the table or a flat surface. Carefully glue the pom-pom body on top, creating feet for your bunny. Allow to dry. Your bunny will now stand on its own.
6. Choose a small pom-pom in either a matching colour to the large one or white. Glue to the centre front of the bunny. Allow to dry.
7. Use glue to adhere 2 x Joggle Eyes to the body, above the nose.
8. Using the remaining foam, carefully cut out 6 thin strips and an extra small piece for the teeth (cut a small little slit into the bottom). Glue whiskers and teeth into place and allow to dry.

*Note: Make a whole family of bunny's for cute decorations or gifts during your Easter celebrations.*
